ELIOS

ELIOS è un progetto modulare di Azzurra Ceramica. E' il nuovo modo di vivere il bagno, oltre cioè, il semplice concetto di luogo di servizio, ma come ambiente da arredare con gusto e creatività. L'impianto stilistico nasce dal desiderio e con l'obiettivo, di realizzare una serie di elementi di base tra loro componibili in grado di generare un'ampia gamma di proposte e soluzioni personalizzate. Attraverso la componibilità di questi elementi si ottengono soluzioni funzionali dal design elevato in grado di adattarsi a tutte le tipologie di spazio e di arredo. Il progetto si sviluppa su sette nuovi lavabi della serie ELIOS. La sensazione visiva è nuova e gradevole.

ELIOS is a modular project by Azzurra. It's the new manner of conceiving the bathroom space, which is no longer simply used as a service room, but as a new environment to be furnished with taste and inventiveness. The stylistic structure is based on the desire and the purpose of producing a set of modular pieces of furniture that can be arranged so as to generate a wide range of customised suggestions and solutions. By combining these modular items, one can get practical, high design solutions that can fit any typology of space and furniture. The project is developed around seven new basin units, all belonging to the line ELIOS. The visual feeling one gets is new and pleasant.

ZEN24

Il nome di progetto evoca sensazioni ed immagini di un oriente dove l'attenzione alla cura del corpo rappresenta un momento importante di contatto con se stessi. Un luogo dove ogni orpello diventa inutile ed ingombrante. Così nasce la purezza della forma di ZEN, dove l'impostazione minimale rappresenta la chiave stilistica di tutto il progetto. Tante le soluzioni che si coordinano e si armonizzano in un gioco creativo sempre nuovo e sempre originale.

The name of this project calls up feelings and pictures of an orient where care of the body is an important opportunity for contact with the self. A place where everything sham is pointless and superfluous. That is the inspiration of the purity of form of ZEN, where the minimal approach is the style keynote of the entire project. Very many options, fitting with one another and harmonising in a creative series that is always new and always original.

AFRODITE

L'estrema eleganza di una serie dai contorni lineari essenziali e raffinati. Un design classicamente moderno studiato sull'armonia dei volumi con un accenno, nel bordo dei bacini di una nota classica. Grazie a queste caratteristiche AFRODITE è una serie di sanitari ancora molto richiesta poichè in grado di inserirsi in molteplici contesti di arredo bagno sia classici che moderni. Alle caratteristiche stilistiche si unisce una collaudata ergonomicità d'uso.

The extreme elegance of a series with linear contours, essential and refined. A classically modern design which meditates on the harmony of volumes and, around the border of the basins, hints at a classical note. Thanks to these features, AFRODITE is a series of fixtures still much in demand because they can be installed in bathrooms with both classical and modern decor. Besides having these stylistic features, the series is also certifiably ergonomic.

DIANA

La serie DIANA, da sempre apprezzata per l'equilibrio delle forme, unisce dimensioni e funzionalità senza eccessi. Sia i basamenti che i bacini dei pezzi in ceramica sono raccontati con un impianto stilistico puro, senza interruzioni ornamentali che ne spezzerebbero l'armonia d'insieme. Per queste caratteristiche DIANA si presta ad un collocamento perfetto in tutto lo stile moderno.

The DIANA series, long appreciated for the balance of its forms, unites size and function without excess. Both the bases and the basins of the pieces in ceramic demonstrate an arrangement in pure style, without the intrusion of ornaments which would destroy the harmony of the ensemble. Because of these characteristics, DIANA is perfectly suited for all modern style.

CONSOLLE

This line marks the end of the classic look and the beginning of a more contemporary style. The "Interior" console's design allows for its use in a variety of stylistic atmospheres, even including New Age or Ethnic. Available in 4 different sizes.

Con un disegno in stile 900, accennato e non preminente, la linea di consolle Collection si esprime in sette differenti misure per soddisfare le più ampie esigenze di inserimento. Lo stile sobrio di queste consolle, allarga il loro impiego anche in ambiti non rigorosamente classici.

With an understated 1900s style, the "Collection" Console line is available in seven different sizes to cover the widest possible range of use. This console's sober style makes it easy to incorporate with other design styles which are not rigorously classic.
